How to Register for Classes
UC Berkeley students use an online registration system called Tele-BEARS to register for classes each semester. Each student is issued a registration appointment, which is a day and time block during which students are first allowed access to Tele-BEARS.

Please follow these steps to register for classes this Fall 2014 semester:

1. You must first have your CalNet ID and passphrase to log in. You obtained this when you submitted your Statement of Intent to Register online.

2. Starting July 21, incoming students can look up their Tele-BEARS registration appointments in BearFacts (https://bearfacts.berkeley.edu). Click on “Students” and use your CalNet ID to login. Check for the date and time of your appointment.

3. View the Fall course schedule at http://schedule.berkeley.edu. MPH Students: View the MPH Breadth Requirements. All other students: Your programs will be advising you on the classes to register for during your first semester. Before you register for classes, please make a note of the Course Control Numbers (CCN) of the classes you will be enrolling in.

4. During your Tele-BEARS appointment, log in to (https://telebears.berkeley.edu) with your CalNet ID. Click on the “Fall 2014” and go to the left-hand menu to “Add Class” and other enrollment options. Register for your classes using the Course Control Numbers (CCN) you found in the online schedule.

5. For more resources on using Tele-BEARS, please visit the Office of the Registrar's webpage

Important Information About Fall 2014 Core Breadth Courses
Public Health 200C1 and Public Health 200C2
Public Health 200C1 and 200C2 will be offered as half-semester courses this Fall. The date, time, and location of Public Health 200C1: Introduction to Health Policy and Management and Public Health 200C2: Introduction to Environmental Health Sciences, two of the required courses you will be taking this Fall, do not appear in the online schedule (schedule.berkeley.edu) due to the unique format in which they are offered. Please refer to information below to coordinate your Fall class schedule correctly. Both classes will meet in room 50 Birge Hall and will have optional discussion sections.
